

Is June Here Already?

From the President

What a year it has been for teachers in our community! Our Local brought world class educators such as Dr. Dennis Shirley and Dr. David Berliner to speak to parents, administrators and teachers. Collective agreements with both districts were signed and professional development was support-

ed through book studies and grants. And then there was the Provincial Election where our teachers spoke loud and clear for funding support for public education in Alberta.

Now as we plan for year end activities, report cards, and the packing up of our teaching materials, I want

to wish everyone a wonderful summer holiday. To our colleagues retiring this June, we wish you all the best! Remember, once a teacher, always a teacher!
